Career Objective

A highly motivated and detail-oriented 3rd-year Computer Science student seeking opportunities to apply and strengthen my skills in C++, Python, and Data Structures & Algorithms. Passionate about building efficient software solutions and contributing to impactful real-world projects. Eager to learn new technologies, grow in a dynamic environment, and deliver high-quality results through continuous improvement and innovative problem-solving.

EDUCATION

Chandigarh University , Mohali <i>Bachelors of Engineering</i> CGPA: 8.10	June 2027
L B S Sr Sec School , Rohtak, Haryana <i>Intermediate(CBSE)</i> Percentage: 81%	April 2023
L B S Sr Sec School , Rohtak, Haryana <i>Matriculation(CBSE)</i> Percentage: 89.5%	April 2021

SKILLS

Programming Languages: C++, Python, SQL, HTML, CSS, Javascript
Core Skills: Data Structures & Algorithms, OOP, Web Development
Interpersonal Skills: Strong work ethic, Adaptability, Self-discipline, Time management

EXPERIENCE

Intel Summer Training Program — Chandigarh University	May 2025 – June 2025
- Completed an intensive training program focused on Machine Learning algorithms and data visualization techniques. - Authored a research paper comparing ML algorithms for predictive modeling, analyzing accuracy, computation time, and dataset size. - Utilized Python, scikit-learn, and data preprocessing techniques for experimental evaluation.	

PROJECTS

CU Connect – AI-Based Student Query & General Chatbot Tech Stack: HTML5, CSS3, JavaScript, Firebase, Gemini API, Render	Aug – Oct 2025
- Developed an AI-powered assistant capable of resolving university-related student queries, including everyday academic and campus concerns. - Integrated Gemini API for intelligent, conversational responses and general chatbot functionality. - Designed a responsive and user-friendly interface and deployed the application on Render, with end-to-end project version control using Git/GitHub.	
EduSync – Responsive Educational Website Tech Stack: HTML5, CSS3, JavaScript	June – Aug 2025
- Developed a responsive and user-friendly educational website interface with clean and intuitive navigation. - Implemented interactive UI elements using JavaScript to enhance user engagement and browsing experience. - Deployed the project using Netlify and maintained version control using Git and GitHub.	

CERTIFICATIONS

- Participation – Tekathon 4.0 (SIH Internal Hackathon 2025), Top 100 Teams, Frontend Developer
- HTML, CSS and JavaScript for Web Developers – Johns Hopkins University (Coursera)
- Selected for Flipkart-Grid 7.0 (Round 1)
